¹ Bearing acreage for 1989 to date is defined as plantings six years and older. Bearing acreage prior to 1989 is defined as plantings seven years and older.
² Calculated on a CPC assessed-weight basis. ³ Weighted average which includes shelling stock. Revised by CASS periodically.

* Only open inshell is reported as this is the industry standard for determining inventory carryover.

** Inventory adjustments include splitting and shelling adjustments as well as inventory adjustments resulting from processing loss and inventory corrections.
